

Video: AI and Intellectual Property Rights

TASK:

First read 2 articles (under QR codes below) regarding the A.I. generated portraits created by the Dutch artist Bas Uterwijk. After reading the articles give your opinion (supported with arguments) answering the following questions:

1) Can A.I. generated images be protected by intellectual property rights in this case?

2) Is A.I. generated portrait a work?

3) Who is the creator in this case?

Article "Bas Uterwijk uses AI to create portraits of famous historical figures"

Bas Uterwijk - Portraits
